12

To,

As per List.

Subject: Aviation Jobs Portal – Registration by Job Aspirants and Prospective Employers – regarding.

Madam/Sir,

Ministry of Civil Aviation has developed an online Aviation Jobs portal for job aspirants and prospective employers after taking into account the comments received from stakeholders. The portal was launched on 29 August 2019 by Shri Hardeep Singh Puri, Hon'ble Minister of State (I/C) for Civil Aviation. It can be accessed at the following link: <http://aviationjobs.co.in/> or directly through the Ministry's website.

2. Aviation Jobs portal is a unique initiative to harness the growth potential of the aviation sector to contribute to employment and re-employment in skilled aviation jobs in India. It provides a common platform for job seekers to register their job interests across various civil aviation sub-sectors. Both Candidates and Employers would be able to access a wider choice. The portal allows the candidate to upload aviation-specific academic and aviation skills-related information, besides uploading a picture and detailed curriculum vitae. Candidates will be able to seek job opportunities matching their profiles.

3. Prospective employers, who have completed their KYC under the Ministry of Corporate Affairs MCA-21 database, would be eligible to register themselves on the portal. The online facility enables them to access a searchable database of candidates from all corners of India who have evinced career interests in one or more aviation job streams. These could be freshers or those with relevant work experience. Employers will be able to shortlist those suitable to serve their HR requirements as per their company policy through an online medium.

4. There is no charge or fee for registering on the portal and accessing the database. The public and private sector companies in aviation sector are encouraged to use this Aviation Jobs portal and employ the maximum possible from amongst the candidates opting to register themselves on it. The stakeholders are requested to carry out their due diligence on the credentials and experience of job aspirants as per their established procedures. Aviation Jobs makes no particular recommendations regarding candidates or employers.

Yours faithfully,

(Indu Butani)

Under Secretary to the Government of India
